

Pay your insurance premiums the easy way...

E-Pay

Exclusively from

E-PAY

E-Pay is a convenient way to pay your insurance premiums through electronic withdrawals from your bank account whether you pay in full or on a payment plan.

Who is Eligible?

Nearly all personal lines direct-billed customers are eligible. This includes auto and homeowners insurance customers, as well as those with dwelling fire, inland marine, boat, yacht and umbrella policies. Policies paid by mortgagees, assigned risk and business policies are not eligible.

What Advantages Do I Get?

- Your premium is always paid on time.
- You never have to worry about lost or stolen checks or late payments.
- You get convenience – each month your bank will automatically deduct the payment from your account and forward it to State Auto for you.
- You get flexibility – your deduction day can either be the effective date of your policy (if it falls between the 1st and 28th of the month), or any other day of the month between the 1st and 28th.
- You will receive advance notice if your withdrawal amount changes by \$1.00 or more.

How Do I Enroll?

- Simply complete the attached authorization form and enclose it with your first payment.
- A check for your first payment must accompany the authorization form.
- For information about E-Pay payment plans please call your agent.

What Happens After I Enroll?

- About two weeks before your first automatic deduction is made, we will send you notification explaining your withdrawal information. Future notifications will be sent **only** when the deduction amount changes by \$1.00 or more.
- Due to the time needed for initial E-Pay enrollment, your total premium may be divided among fewer installments during your first policy period than you will see in subsequent renewal periods.
